

# COVID-19 DASHBOARD

Hillsdale Community Schools will use this webpage to provide Public Notice to our School Community regarding *School Associated Cases of COVID-19*. Within 24 hours of being notified of a School Associated Case by the Branch-Hillsdale-St. Joseph Community Health Agency, this dashboard will be updated to include new and cumulative COVID-19 case counts. Individuals identified as Close Contacts of School Associated Cases will be notified separately and directly by the health department.

### **ACTIONS YOU CAN TAKE**

We recommend taking action to help limit the spread of COVID-19, even if staff members or students are not experiencing symptoms:

- Wear a mask (covering mouth and nose) while in public places or if people who do not live with you must visit your home.
- Practice social distancing (maintaining a distance of 6 feet apart).
- Practice frequent handwashing (using soap for 20 seconds or hand sanitizer with 60% alcohol).
- Follow capacity restrictions of social gatherings.
- Cover coughs and sneezes with a tissue or with the inside of your elbow and immediately wash your hands.
- Stay home if you are sick; you can also get tested.
- Answer the phone if the health department contacts you, as a contact tracer may be trying to reach you with important information.

This information does not mean you should quarantine or isolate. Those members of the School Community who were or are suspected to have been in Close Contact with a School Associated Case will be notified by the Health Department.

Thank you for understanding that, due to medical privacy laws, we are not able to release the names of the individuals with COVID-19. We will continue to communicate changes and updates with you. With your participation, we believe we can maintain a safe environment while also providing quality education.
